

# CIVIL SOCIETY DIALOGUE, COMMUNICATION, DISSEMINATION AND EXPLOITATION

This WP links project partners, stakeholders and actors together. This activity includes networking, mutual communication and continuous dissemination, exploitation and communication of project results to stakeholders, the scientific community, media and the civil society as well as the general public. By providing the possibility of co-creation and co-learning at all stages of TRDADE4SD, WP7 aims to maximise impacts of the project during its time frame and beyond. The aim of this cross-cutting work package is to ensure clear, effective and targeted communication for targeted audiences.

**LEADER:**

LUMINA  
CONSULT

Lumina is an expert of the EU policy – making and public affairs in Brussels as well inter-governmental agreements. They count on an extensive network of multi-disciplinary specialists across Europe to support the activities and provide insight knowledge of European policy and economic trends.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101000551
